

RWTH Graduate Survey Starts

As in the past four years, we invite former RWTH students to take part in the graduate survey of RWTH Aachen. In the upcoming survey period, we will contact about 4,600 graduates from the examination cohort of 2011 (i.e. graduates in WS 2010/11 and SS 2011). The aim of the project is to analyze the graduates' retrospective assessment of their degree courses so as to be able to further improve the quality of university education. The graduates are invited to participate about one and a half years after graduation; as a matter of course, participation (by completing an online questionnaire) is voluntary and anonymous.

RWTH needs your feedback!

If you belong to the group of potential participants, i.e. the relevant degree cohort, but have not received the graduate survey letter, we apologize! Please contact us and register by email for the survey. The survey period ends in February 2013.

Results from previous surveys are available for download from our website.
