Full Professor (W2)
in Psychology of Auditory Cognition
Faculty of Arts and Humanities

We are seeking qualified applicants for teaching and research in the area of the psychology of hearing. The starting date is winter semester 2017/18. It is an attractively equipped endowed professorship (HEAD Genuit Foundation) for a fixed term of five years.

Research-oriented teaching areas include Environmental Psychology. Possible research fields are human hearing at the interdisciplinary research interface of psychology, technology and environment (e.g., noise effects). We expect a degree in Psychology, an experimental research approach as well as internationally recognized publication record.

Applicants are expected to contribute to the RWTH’s mission of an integrated technical university. Acquisition of third-party funds is essential.

A Ph.D. degree is required; additionally, Habilitation (post-doctoral lecturing qualification), an exemplary record of research achievement as an assistant / an associate / a junior professor or university researcher and/or an outstanding career outside academia are highly desirable. Ability in and commitment to teaching are essential. The application should include supporting documents regarding success in teaching. German is not necessary to begin but will be expected as a teaching language within the first 5 years.
