Welcome!

Congratulations on being accepted to study at RWTH Aachen University! As one of Germany’s top technical universities and one of the best-ranked universities worldwide, you will soon be able to make the most of an academically stimulating environment and world-class teaching and research facilities. With over 60,000 students from over 200 different countries, Aachen city has a vibrant, multi-cultural flair and offers everything you need for a comfortable student lifestyle. We believe that you will one day look back on your time in Aachen as not only an academically enriching experience, but also as a time that broadened your personal horizons, filled with international friendships, intercultural events, art, music, sport, culture and much more.

Why the Welcome Week?

Moving to a new city, a new country and beginning a new chapter in your education may also seem a little daunting. There are many hurdles – organizational, linguistic, and financial – that have to be overcome, before you can settle down and focus on your studies and making the most of your time in Aachen. We at the International Office have put together an orientation program and this guide to help you overcome these challenges and feel at home in Aachen as quickly and as smoothly as possible. Thanks to our multifaceted blended program, you will be able to enjoy all presentations concerning important procedures and services at the comfort of your home or from anywhere you like. Furthermore, diverse events will be organized on campus and will focus on getting to know the University, Aachen but foremost other peer students and RWTH services personally. We hope that through this blend, we can support all students equally and help everyone settle down smoothly and the safest way possible.

We look forward to welcoming you virtually soon.

Was nächste? Start of lectures!

Register for classes, prepare your timetable
When? The Welcome Week period is also the course registration phase!

**Degree students: Get in touch with your Faculty Advisor & Faculty Student Council**

Any questions regarding the course-specific organization of your stay have to be asked at your Faculty Advisor (Fachstudienberater*in). You can find their contact details at this website: [www.rwth-aachen.de/fachstudienberatung](http://www.rwth-aachen.de/fachstudienberatung)

Your Faculty Student Council can also help you prepare your first timetable. A full list of faculty student councils with links to their relevant websites can be found here: [www.rwth-aachen.de/fachschaft](http://www.rwth-aachen.de/fachschaft)

**Exchange and Double Degree Students: Get in touch with your departmental coordinator**

Different procedures apply to exchange students when it comes to course and exam registration and credit point recognition. In each faculty, there is at least one person in charge of advising exchange students on academic matters. If you have questions about the content of the course, the language requirements, the course registration and exam regulations, you need to get in touch with your Departmental Coordinator. This person will also be in charge of signing your Learning Agreement and issuing your Transcript of Records.

You can find the contact details of your Departmental Coordinator at this website: [www.rwth-aachen.de/departmental-coordinators](http://www.rwth-aachen.de/departmental-coordinators)

What’s next? Language courses
Register for a German Language Course at RWTH Language Center

Studying in Germany will give you the best opportunity to learn this beautiful language that is German. The Sprachenzentrum will introduce you to their course offer during the Welcome Week. If interested in registering for one of their German language courses, please make sure that you fulfill the requirements for a successful registration.

For instance, you will need your TIM-ID in order to take the obligatory placement test and create a user account, which is necessary for your placement test results, your course registration and your final grade.

You will find the dates of the placement tests and the course registration at www.sz.rwth-aachen.de/go/id/lhix

Make sure that you have completed your enrollment at least two weeks before the placement test you have registered for. Your enrollment will be complete once you will have transferred the student service fee and the Admissions Office will have accepted your enrollment documents. After that, it can take up to one week to receive access to your Network Services and thus, to your TIM-ID, which is necessary to take the placement test and create a user account at the Language Center.

Please note that you will neither be able to participate in the placement test nor register for a German language course if not completely enrolled at RWTH in due time. Thank you for understanding.

Further information about the language courses can be found at www.sz.rwth-aachen.de

BeBuddy Program

To support new international students in settling in, we offer a free of charge buddy program. This is a mentoring program where experienced RWTH students offer help to new students (mentees) like you by acting as their “buddy”. If you need help understanding something, if you need someone to pick up your room key, if you need someone to go with you to the city administration or just to the next supermarket: ask your Buddy! He or she will help you settling down - of course within the framework of the applicable COVID-19 restrictions.

Buddies are student volunteers, who may also have other commitments, so it is best to make such arrangements as early as possible. Please register online for the BeBuddy program at least three weeks before your arrival in Germany. Unfortunately, however, we cannot guarantee that you will be matched online in time, as many international students come to Aachen during this period and are waiting for a buddy. We will do our best to provide you with a buddy as soon as possible and thank you for your understanding should this take a little longer.

Intercultural Trainings

What are the norms of German culture? How are these different to those of your own country? What is considered polite in Germany? What values influence behavior and communication?

These are some of the key questions that are addressed in the intercultural competence workshops offered by our specialist intercultural trainer. Participation in an intercultural workshop is highly recommended for new international students to enhance your personal skillset and to help you understand and ease into life and a culture which may be very different to what you have been accustomed to. Intercultural expertise is a highly-sought skill, essential not only within your academic life, but also for your future career. If you would like to learn more on intercultural communication, we recommend you to sign up for a workshop during your stay in Aachen.

Interested? Register for the online intercultural training on Thursday, 31 March, 2022!

Send an email to Chiara Weber (chiara.weber@zhv.rwth-aachen.de) by 15 March with the following information: first name, last name, gender, country of origin, course of studies.

Please note that the training has very limited places and that the spots will be allocated on the basis of „first come, first serve“. The Zoom link will be provided approx. one week before the training via email upon successful registration.

The intercultural trainings in English are offered regularly and you can check the upcoming dates and registration procedure on the related website.
Student Associations

Student Associations can be a great way to get to know new people as well as to spend your leisure time in a meaningful way. They offer a great variety of events or projects you can participate in covering the areas: intercultural exchange, sports, culture, social and sustainable projects, engineering and sciences, career and professionalization.

If you are new to Aachen and do not yet know how to get in touch or to find the initiative, which would be interesting for you or if you would like to found a student association of your own, you are welcome to contact us. One of the many ways to get to know the association that fits you is to visit the events provided by the student associations throughout Welcome Week as well as to attend the Global Village.
