OCTOBER 25 TO 27, 2019  
INC INVENTION CENTER, AACHEN

#HACKINGFORFUTURE  
LET'S CREATE THE PRODUCTION OF TOMORROW!

You are studying computer science, engineering, communication design or a similar course and want to show your skills?

Register now for our hackathon!

Together with our staff and our industry partners, you will face the challenges of Industrie 4.0 in a real manufacturing environment and use your coding knowledge, technical skill and team spirit to solve them. We provide you with various tasks on the topics of deep learning, 5G, smart devices and worker assistance. The best teams will be honored!
