Working student Logistics Visibility (m/f/d)

BASF Jobmarkt GmbH is a subsidiary of BASF SE based in Ludwigshafen and is responsible for recruiting temporary staff to meet BASF SE’s temporary staffing needs. Our employees are well-remunerated and enjoy attractive conditions that are either in line with the chemical industry’s standard salary scale or separately negotiated.

**AUFGABEN**

In the Supply Chain Planning & Visibility team, we create end-to-end supply chain process solutions to improve transparency, traceability and planning.

- You will support our team in project management activities like meeting preparation, documentation and follow-up activities.
- In addition, you will be integral part in design & development of logistics visibility solutions, including solution design, data analysis, development of info material and implementation support.
- Market research on relevant technical developments will be another part of your activities.
- You prepare communication with key stakeholders BASF-internally and externally.

**QUALIFIKATIONEN**

- Study of computer science, logistics or business administration
- First practical experiences in the fields of logistics, supply chain management and project management are desirable
- Language skills in German and English
- Knowledge with IT standard applications, especially MS Excel
- Sense of responsibility, perseverance and the ability to work in a team to achieve joint success

**BENEFITS**

From day one you will be part of the BASF family. You will get involved in challenging fields of activity and have the opportunity to work on exciting projects in an interdisciplinary environment. Depending on the location of the respective group company you will get to know BASF and participate in various workshops and guided tours. In this way you will make numerous interesting experiences and get a deep insight into the world’s leading chemical company.
