

Please send your application documents (cover letter, CV, degree certificates etc.) to:

Dekan der Fakultät für Georesourcen und Materialtechnik der RWTH Aachen University, Univ.-Prof. Peter Kukla Ph.D., 52056 Aachen.

In addition, please complete the applicant's questionnaire, available online at <https://www.fb5.rwth-aachen.de/cms/Georesourcen/Die-Fakultaet/Dekanat/Dekanat/Dekanatsekretariat/~fpiu/Berufungsverfahren/?lidx=1>

You can also send your application via email to dekanat@fb5.rwth-aachen.de. Please note, however, that communication via unencrypted e-mail poses a threat to confidentiality as it is potentially vulnerable to unauthorized access by third parties. For information on the collection of personal data pursuant to Articles 13 and 14 of the General Data Protection Regulation (GDPR), please visit <https://www.rwth-aachen.de/gdpr-information>.

The deadline for applications is 10th of February 2021.

This position is also available as part-time employment per request.

We welcome applications from all suitably qualified candidates regardless of gender. RWTH Aachen University is certified as a family-friendly university and offers a dual career program for partner hiring. We particularly welcome and encourage applications from women, disabled people and ethnic minority groups, recognizing they are underrepresented across RWTH Aachen University. The principles of fair and open competition apply and appointments will be made on merit.

RWTH Aachen University is one of Germany's pre-eminent Universities of Excellence, which entails the highest quality in teaching and world-class research. RWTH addresses bold, scientific questions; it also assumes a profound responsibility toward society and transfers its knowledge into meaningful applications. RWTH strives for the convergence of knowledge, methods, and findings from its research fields and integrates in-depth disciplinary knowledge into interdisciplinary research consortia represented as profile areas. The university's dynamic, creative, and international environment encompasses efficient research networks, institutionalized cooperations, and, most of all, the innovative RWTH Campus-Project which harbors one of the most extensive technology-oriented research landscapes in Europe.

Junior Professor (W1, tenure track) in Digital Methods in Human Geography Faculty of Georesources and Material Engineering

This is a junior professorship appointment with a tenure track career path towards a W2 professorship. The position is funded by the Tenure Track Program of the German federal and state governments. This call for applications is therefore particularly targeted at early career researchers. For further information about the tenure track process, please visit www.rwth-aachen.de/tenuretrack.

We are seeking qualified applicants for teaching and research in the area of Human Geography. The starting date is 1st of April 2022. We seek to appoint a researcher with a designated profile in human geography. The position expects a contribution to social-, cultural, and / or economic geographic perspectives on spatial dynamics of digitalization, potentially including a focus on regional structural change. Furthermore we expect the successful applicant to contribute to the development and application of digital methods in various human-geographic sub-disciplines. The professorship will be integrated in the curriculum of the bachelor and master study Geography programs and should set methodological impulses in digital data collection, data evaluation, and data analyses. Successful applicants should be willing to engage in interdisciplinary collaboration within their own faculty, with other faculties, the Profile Areas of RWTH Aachen University as well as the Geoverbund ABC/J.

You should have a completed university degree and a special aptitude for scientific work which is generally verified by means of an outstanding doctorate. Ability in and commitment to teaching are essential. The application should include supporting documents regarding success in teaching. German is not necessary to begin but will be expected as a teaching language within 5 years.

Excellent language skills in English are expected as well as first publication experiences in international peer-reviewed journals. The position is supposed to be tenured after a successful interim evaluation of the W1 professorship as well as a second evaluation of at the end of the junior professorship.
