Please send a cover letter stating research aims and a CV to:

Dekan der Medizinischen Fakultät der RWTH Aachen, Univ.-Prof. Dr. S. Uhlig, Pauwelsstraße 30, 52074 Aachen.

In addition, please complete the applicant’s questionnaire and the teaching portfolio that can be found under https://www.ukaachen.de/fuer-bewerber/stellenmarkt.html

You can also send your application via email to dekanat@ukaachen.de. Please note, however, that communication via unencrypted e-mail poses a threat to confidentiality as it is potentially vulnerable to unauthorized access by third parties.

For information on the collection of personal data pursuant to Articles 13 and 14 of the General Data Protection Regulation (GDPR), please visit https://www.rwth-aachen.de/gdpr-information.

The deadline for applications is 16.04.2021.

This position is also available as part-time employment per request.

We welcome applications from all suitably qualified candidates regardless of gender. RWTH Aachen University is certified as a family-friendly university and offers a dual career program for partner hiring. We particularly welcome and encourage applications from women, disabled people and ethnic minority groups, recognizing they are underrepresented across RWTH Aachen University. The principles of fair and open competition apply and appointments will be made on merit.

RWTH Aachen University is one of Germany’s pre-eminent Universities of Excellence, which entails the highest quality in teaching and world-class research. RWTH addresses bold, scientific questions; it also assumes a profound responsibility toward society and transfers its knowledge into meaningful applications. RWTH strives for the convergence of knowledge, methods, and findings from its research fields and integrates in-depth disciplinary knowledge into interdisciplinary research consortia represented as profile areas. The university’s dynamic, creative, and international environment encompasses efficient research networks, institutionalized cooperations, and, most of all, the innovative RWTH Campus-Project which harbors one of the most extensive technology-oriented research landscapes in Europe.

**Full Professor (W3) in Interventional Radiology**

Faculty of Medicine/Uniklinik RWTH Aachen

We are seeking qualified applicants for teaching, research and medical care in the field of interventional radiology. The starting date is as soon as possible.

The objective of this professorship is to further advance interventional radiology with specific emphasis on hepatobiliary, oncological, and vascular interventions within the Dept. of Diagnostic and Interventional Radiology. We are looking for a candidate with recognized expertise in this area, with an internationally acknowledged scientific profile manifested in respective publications as well as successful competitive grant applications. The position offers an opportunity to cooperate with regional and euregional partners in oncology, transplantation and vascular surgery. Intensified collaboration with partners from the regional oncological excellence center of the universities Aachen, Bonn, Cologne and Düsseldorf (CIO ABCD) is also expected.

Interdisciplinary scientific co-operation with other departments and clinics of the Medical School, with the research areas of the RWTH Aachen University including SFB TRR 57, SFB TRR 219, SFB 1382, KFO 344, IRTG 2150, GRK 2375, PAK 961, JARA, IZKF AACHEN, with the Institute of Biomedical Technologies (IBMT) and with other technical disciplines, particularly in the field of device and implant development, is encouraged. In addition, an active commitment to the Medical Faculty’s new curriculum for medical students ("Modellstudien- gang Medizin Aachen"), to the curriculum for dentistry and to the master’s program "Biomedical Engineering" is expected.

An M.D. degree is required, while “habilitation” (post-doctoral lecturing qualification), an exemplary record of research achievement as an assistant / an associate / a junior professor or university researcher and/or an outstanding career outside academia are highly desirable. Ability in and commitment to teaching are essential. The application should include records documenting success in teaching and a teaching portfolio. German will not be necessary to begin with but will be expected as a teaching language within the first 5 years.

Moreover, the successful applicant will be board certified for radiology, will provide leadership and will have a proven clinical record in interventional radiology with hepatobiliary, oncological and vascular interventions. Finally, the applicant should be certified or eligible for the level 2 certificate of the modules A-D of the German Society for Interventional Radiology and Minimally Invasive Therapy.

In addition to the academic contract of employment, a separate contract with the University Hospital will set out the clinical duties falling to the holder of this professorship.
