

Freie Austauschplätze im Verhältnis zu eingegangenen Bewerbungen im Wintersemester 2021/22

Bitte bedenken Sie: Die letzte Auswahl fand während der Coronapandemie statt, weshalb nicht alle Partneruniversitäten zur Verfügung standen. Darüber hinaus können bei der Bewerbung bis zu vier Universitäten angegeben werden. Viele der Bewerber*innen, die nicht für eine Partneruniversität ausgewählt wurden, wurden an einer anderen Partneruniversitäten berücksichtigt. Die Spalte „Auswahlquote“ gibt an, wie viele Bewerbungen im Verhältnis zu verfügbaren Plätzen eingegangen sind. Die Auswahlquote wird in drei verschiedenen Kategorien angegeben.

Please note: The last selection took place during the Corona pandemic; therefore not all partner universities were available. In addition, it is possible to apply for up to four universities. Many of the applicants who were not selected for one partner university could be considered for one of the other partner universities. The "selection rate" indicates how many applications were received in relation to available spots. The selection rate is specified in three different categories.
