If the student does not complete successfully some educational components, the following provisions will apply:

Outgoing Erasmus students of RWTH Aachen are required to collect at least 15 ECTS credits per exchange semester (~ 5 months) at the partner university (Table A2). Should an Erasmus student fail to collect this minimum number of credits, she/he may request special permission for this case from her/his designated Erasmus coordinator. Exemption from collecting the minimum number of credits will be granted only on rare occasion and for well-documented circumstances. If a student is not granted special permission, the designated Erasmus coordinator will inform the institutional coordinator of the funding period corresponding to the number of credits collected by the student. A partial repayment of the Erasmus scholarship will be collected. If a student did not acquire any ECTS-credits during her/his Erasmus foreign exchange, she/he will be obliged to repay the scholarship in full (0 ECTS = €0).

Higher Education - Learning Agreement for Studies - During the Mobility

COMMITMENT OF THE THREE PARTIES*

By signing this document, the student, the Sending Institution and the Receiving Institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and Receiving Institutions undertake to apply all the principles of the Erasmus Charter for Higher Education relating to mobility for studies (or the principles agreed in the Inter-Institutional Agreement for institutions located in Partner Countries). The Beneficiary Institution and the student should also commit to what is set out in the Erasmus+ Grant Agreement. The Receiving Institution confirms that the educational components listed in Table A are in line with its course catalogue and should be available to the student. The Sending Institution commits to recognise all the credits or equivalent units gained at the Receiving Institution for the successfully completed educational components and to count them towards the student's degree as described in Table B. The exceptions to this rule are documented below and agreed by all parties. Justification of non-recognition:

The student has already accumulated the number of credits required for his/her degree and does not need some of the credits gained abroad.

An educational component (e.g. a language course) may not be part of the study programme, therefore it cannot be recognized.

The ECTS credits achieved at the partner university can only be partially recognized as they do not fully meet the requirements of RWTH

Although RWTH's requirements regarding the course are met, the number of ECTS that RWTH awards for this course may be different to the credits awarded by the partner university.

The student and Receiving Institution will communicate to the Sending Institution any problems or changes regarding the study programme, responsible persons and/or study period.
